

It is important that FCC Chairman Powell remember that public involvement in decision making is what a DEMOCRACY is all about.
I urge Chairman Powell to allow a real public debate on this issue of media consolidation. It is OWED to US, the American people!

Monday's planned vote on media consolidation will conclude a process which has shown deliberate disregard for the views and opinions of the American people. The Chairman has refused to even release the actual language of the rule change -- it won't be known until after the vote. And he's only held a single meeting to hear the views of the public. Even when Congress requested some time to discuss the impact of this change, Powell brushed them off.
